In view of the worsening of the food situation, proposals have already been submitted for the retention up to 31-12-46 of the additional staff sanctioned in connection with Price Control Work, and as such, the retention of the staff detailed above, will be quite essential to cope with the increased work, so long as the Price Control staff is retained. I request therefore, that the entire staff detailed above, may be retained up to 31-12-46.

3. It is not possible to effect any economy by a redistribution of work.

COONDAPUR Copy of Report R.f.D.No.s.7575/45 dated 23-3-46 from the Tahsildar Coondapur to the Collector, South Kanara.

In view of the increase in work in connection with the procurement, one Head Quarters Deputy Tahsildar, one clerk and two peons were sanctioned to this office in B.P.Rt.4218/45 dated 20-9-45, to relieve the Tahsildar of the additional work. The sanction accorded for the retention of the additional staff will expire on 31-3-46. The statistics of work for the half year ending 31-12-44 and 31-12-45 are given below.

Half year ending:	No. of papers received.
31-12-1944	5332
31-12-1945	4246

The decrease in papers for the half year ending is due to the bifurcation of food section. However, the receipt of the number of papers is far above normal. Besides several applications are received in this office daily for special permits. These papers are not numbered, but they are entered in a separate register. If the additional staff is removed and the remaining clerks (who are mostly appointed under Rule 9(a)(1) saddled with the additional work, the legitimate normal work will suffer.

2. In the circumstances stated above and in the light of the present critical food situation, I recommend that the Board of Revenue may be moved to accord sanction for the continuance of the existing additional staff for a further period of one year.

UDIPI

Copy of letter No.11909-46 dated 25-3-46 from the Tahsildar of Udipi to the Collector, South Kanara.

The following temporary staff was sanctioned for the year 1945-46 on account of the Additional work due to the war and the sanction for the same expires on the afternoon of 31-3-1946:-

One Head Quarters Dy. Tahsildar.
Two Peons.
One War Clerk working under the Headquarters Dy. Tahsildar.

The work turned out by this additional staff are noted below:-

Distribution of sugar, kerosene and wheat products, control of supply of grams and pulses, collection by sale of National Savings Certificates, issue of certificates to dependents of military personnel for grant of education concessions and issue of casual permits for sugar, kerosene and wheat products, control of supply of jaggery and issue of identity cards to Burma Evacuees are the additional items of war work turned out during 1945-46 by the above additional staff. These items of work have yet to be done. Though the war has ended, the emergency which arose out of the war has not diminished.

As the Tahsildar happens to be mostly on tour and has to attend to the procurement work also, he does not find time to personally attend to every item of the civil supplies work and other items of war

p.t.o.

work. Hence, the Head Quarters Deputy Tahsildar has to assist the Tahsildar in the civil supplies work and other additional items of work which arose out of the war. It will not be possible to attend to these items of war work without the supplement of the additional staff sanctioned for the same in 1945-46 In the circumstances, I submit that the above additional staff may be sanctioned for 1946-47 or for the period for which the emergency which arose as a result of the war continues whichever is earlier.

KASARGOD

Copy of letter No.L.Dis.2745/46 dated 27th March 1946 from the Tahsildar, Kasargod to the Collector of South Kanara.

Details of staff sanctioned for the taluk office, Kasargod in connection with the increase of work due to Great War II are furnished below.

Head Quarters Deputy Tahsildar. 1 lower division clerk 1, peons 2

The temporary establishment referred to above was sanctioned mainly to cope with the increased work thrown on the taluk office as a result of the Great War II. The present exigency of work compels the Tahsildar to be always on tour and the entire office is under the Management of the Head Quarters Deputy Tahsildar. The latter apart from exercising general control and supervision in the office is exclusively holding the treasury charge and attends to the disposal of transfer of Registry Cases, which number about 2,500 cases a year, Assignments numbering about 250 cases, Encroachments, Revenue Records and Registration Records and other routine and miscellaneous correspondence in the office which is very heavy.

Lower Division Clerk: This clerk is in charge of work connected with civil supplies. He receives on an average 25 petitions a day for kerosene and sugar. He has to attend to the disposal of all these petitions by issue of permits etc. In addition to this work, he is attending to the (1) Monthly distributions of kerosene and sugar in the Taluk Division and all correspondence received from the wholesale and retail dealers and other petitions received from the public connected with the distribution of sugar and kerosene (2) petitions from the military personnel and dependants of soldiers who served in the present war, for kerosene, sugar and for grant of certificates under the educational concession rules for the children and dependants of soldiers, etc., who served in the present war. (3) Work connected with the distribution of wheat, wheat products, soji etc. and (4) submission of returns (1) Fortnightly monthly and quarterly. The upper division clerk receives on average 500 papers a month while the lower division clerk receives on average 800 papers a month. After the lifting of ban on assignment of Kumaki the work which was held up for about four years was re-opened while the work is gradually increasing as applications for Assignment of Kumaki land are pouring in the taluk office in large numbers. With the cessation of hostilities the following items of work, suspended during the duration of war will be reopened shortly viz., Inspections of (1) Panchayat Courts, (2) Conditional Assignments, (3) Transfer of occupied dry land to wet, garden etc. (4) Transfer of land from poromboke to ayan and vice versa and (5) Darkast work relating to nonkumaki lands. There is a heavy accumulation of all these items of work since the last about 5 years, and when they are re-opened the Tahsildar will have practically no breathing time and without the assistance of the Head Quarters Deputy Tahsildar and the Special Staff he will find it physically impossible to cope with it and to run the office. Ok?

In these circumstances, I strongly recommend that the temporary staff may be retained till 31-3-1947.

BUNTWAL

Copy of letter No.L.Dis.1026-46 dated 26-3-46 from the Deputy Tahsildar Buntwal to the Collector of South Kanara.

The Additional temporary staff working in this office are One Clerk and one peon sanctioned in B.P.4218 dated 20-9-1945 for work connected with war. The statistics of the work done during 1945 as compared with those in 1944 are furnished below:-

Subject.	Disposed of in 1945.	Disposed of in 1944.	
Current papers	3643	2357	
A. Memos.	101	147	The decrease in 1945 is due to ban on assignment
B. Memos.	11	35	
Transfer of Registry	455	259	
Call Book	5	3	
Copy Applications	331	222	

It would be seen that except under A and B Memos there has been a general increase under each item by about 50%. The above figures do not contain figures of correspondence such as objection petitions issue of notices and permits etc. under the procurement scheme. There is also the work connected with rationing of sugar and kerosene oil and issue of other controlled articles such as wheat flour, soji etc. And for all these additional items of work, the additional staff consists of only one clerk and a peon; the other clerk being exclusively allotted to the Assistant Taluk Supply Officer. There is therefore every reason for the continuance of the additional staff already sanctioned.
